**Society for the Protection of Unborn Children (SPUC) Major new SPUC campaign against coerced abortion**

Evidence from a recent BBC poll shows that 15% of women have experienced pressure or coercion to have an abortion they did not want. Other polls show a higher percentage. A post-abortive counsellor described coerced abortion as 'one of the most unrecognised and insidious forms of domestic abuse.' The NHS, which funds most abortions states "For consent to be valid, it must be voluntary and informed and the person consenting must have the capacity to make the decision. " Please join us in calling on the Health Minister to commission further urgent research into this abuse and to recognise it as a threat to women's health and wellbeing. Paper copies of the petition are available for you to sign at the back of church, or sign the online petition at [//spuc.org.uk/coercion](http://spuc.org.uk/coercion). If you would be willing to put the SPUC 'Coercion' leaflet door to door in your neighbourhood, then please contact Christine : 07742320717 Thank you.
